

Metro New York Catholic Climate Movement
Bringing Laudato Si' to life in the Metro New York area

We invite you to a

Care for Creation Workshop

A follow-up to last October's Conference; this will be for sharing and networking

An integral ecology is also made up of simple daily gestures which break with the logic of violence, exploitation and selfishness.

In the end, a world of exacerbated consumption is at the same time a world which mistreats life in all its forms.

Laudato Si'

Saturday, Feb. 23, 9:00 to 12:30 pm

Registration and refreshments 9 - 9:30 am

At the Church of the Holy Name of Jesus

In the lower chapel of St. Mary of the Angels

96th St. between Broadway & Amsterdam

Wheelchair accessible via lift at 96th St. entrance.

In our October conference, we heard about the urgency of climate change and its impact on the environment and on the poor and vulnerable communities of the world. We also heard about the organizations that are working on the issue of climate change from a faith perspective.

In this workshop, we will facilitate participants exchanging ideas for bringing these concerns to our parishes. We will spend the morning sharing and networking so that those individuals who have played a leadership role in bringing the ideas of *Laudato Si'*, Pope Francis' encyclical, to life in their parishes can share with those who would like to know more about how to do that. We will share resources as well.

Participation in the October conference is not a prerequisite; your interest and energy is your entry ticket! This workshop is free, but please RSVP.

RSVP to Metro NY Catholic Climate Movement: mnyccm@gmail.com by Feb. 20. Please give your name, your parish or group affiliation if applicable, as well as your phone number.
